Humanity and Health Foundation
Annual Impact Report (2022–2025)

Improving health outcomes and quality of life through prevention, education, sustainability, and community-led solutions, particularly within underserved and climate-vulnerable communities.

Impact Overview (2022–2025)

This report summarizes Humanity and Health Foundation's documented impact across four core program areas. Data reflects verified program records, partner reports, and participant logs, reported conservatively to represent direct reach and outcomes.

PROGRAM AREA	KEY OUTCOMES & REACH
HEALTH PROMOTION & PREVENTION ***(SEE APPENDIX A)***	• 150 displaced individuals and families reached in Northern Nigeria (2022) • Food support, medicine, free health screenings, and health education delivered • Resilient Futures Georgia initiative planned for 2026 and beyond
COMMUNITY EDUCATION & LEADERSHIP (SEE APPENDIX A)	• Education sponsorships for 5 students in Nigeria (2022–2024) • Support included college and higher education tuition • Integrated Water, Sanitation, and Hygiene (WASH) education activities
SUSTAINABILITY & CLIMATE ACTION (SEE APPENDIX A)	• Launch of Sustainable Living Ambassador (SLA) Program (2025) • 255 ambassadors identified and trained globally • Community clean-up initiatives across Africa and the United States

Prevention. Promotion. Research

PARTNERSHIPS & REACH (SEE APPENDIX A)	• Microsoft partnership providing free Office tools • Partnerships with three higher education institutions in Africa • Nourish & Thrive Initiative planning (2025–2026)

"Public summary aligned with Candid impact reporting"

Geographic Reach (2022–2025)

Humanity and Health Foundation's programs and partnerships have supported communities across Nigeria, Kenya, Liberia, and the United States (Georgia), with global participation through sustainability and leadership initiatives. Activities span health promotion, education, climate action, and community resilience, with a focus on underserved and climate-vulnerable populations.

Looking Ahead: 2026 and Beyond

Building on this foundation, HHF aims to scale its programs and partnerships by serving more communities, strengthening mental wellness and economic resilience initiatives, expanding sustainability education, and deepening collaborative partnerships.
