Humanity & Health Foundation (HHF)

Organizational Readiness & Grant Readiness Pack (2026)

Prepared: February 2026

1. Organizational Overview

Humanity & Health Foundation (HHF) is a nonprofit organization dedicated to promoting healthier and more sustainable communities

through education, environmental initiatives, and community engagement.

HHF focuses on community-centered solutions that address public health awareness, environmental sustainability,

and community empowerment.

2. Mission

To promote healthier and more sustainable communities through education, community engagement,

and collaborative initiatives that improve wellbeing and environmental responsibility.

3. Vision

A world where communities are empowered with knowledge, resources, and partnerships

to build healthier and more sustainable futures.

4. Strategic Priorities (2026–2030)

HHF strategic programs focus on:

- Community Health Education
- Environmental Sustainability
- Preventive Health Awareness
- Volunteer Engagement
- Sustainable Community Development

5. Governance Structure

HHF operates under a governance structure designed to ensure accountability and transparency.

Leadership:

Founder & Executive Director – Rebecca Ajibola, RN

Supporting governance systems include:

- Communications Governance Framework
- Partnership & Collaboration Framework
- Program Portfolio Documentation
- Operational and Communications Policies

6. Operational Systems

HHF maintains structured operational systems that support program delivery and organizational growth.

These include:

- Communications Operations Manual
- Social Media Strategy and Content Calendar
- Partnership and Collaboration Framework
- Organizational Capability Statement
- Media & Press Kit
- Donor & Funding Prospectus

7. Financial Stewardship Commitment

HHF is committed to responsible financial management and stewardship of donor resources.

Principles include:

- Transparency
- Accountability
- Responsible resource allocation
- Program-focused spending

8. Monitoring, Evaluation & Learning

HHF emphasizes continuous improvement through monitoring and evaluation.

This includes:

- tracking participation and engagement
- evaluating program effectiveness
- learning from community feedback
- strengthening future initiatives

9. Partnership Approach

HHF collaborates with:

- nonprofit organizations
- academic institutions
- government agencies
- corporate partners
- philanthropic foundations

Partnerships strengthen program reach, innovation, and impact.

10. Grant Management Readiness

HHF is prepared to support grant-funded initiatives through:

- structured program planning
- transparent communication
- partnership collaboration
- monitoring and reporting mechanisms
