Humanity and Health Foundation (HHF)
Strategic Plan Summary 2025–2030

Mission

To improve health outcomes and quality of life by promoting prevention, education, sustainability, and community-led solutions, particularly within underserved and climate-vulnerable communities.

Vision

Communities equipped with the knowledge, resources, and systems needed to achieve long-term health, resilience, and well-being.

Strategic Focus Areas

- Health Promotion & Prevention
- Sustainability & Climate Action
- Community Education & Leadership
- Monitoring, Evaluation & Learning

Implementation & Accountability

Programs are delivered through partnerships and community engagement, supported by governance oversight, financial controls, and monitoring, evaluation, and learning systems.

Board-approved: December 2025
