

Sponsor A Child Education

SPONSORSHIP

Sponsoring a child provides the continuity of impact that is needed - impacting the growth and development of children. The key area of empowerment that we focus on is education. When you sponsor a child, funds will go directly towards supporting the education of your sponsored child. Providing educational support is a tested and proven way to impact lives by providing the vital knowledge and skills that the child needs to grow up, become independent, self-sufficient, and able to contribute to their community, national and global development.

We are strategically empowering lives in Africa by providing educational opportunities and resources. We strengthen self-reliance so that individuals, families, and communities can create positive change in their own lives. We have made it easier than ever for you to join us in empowering lives. Humanity & Health Foundation (HHF) is a US-headquartered, (501) c3 non-profit charity organization working to establish meaningful and sustainable development in Africa. HHF was born from the vision that human resource development is the key to improving nation-building capacity in Africa. We are eagerly working towards a brighter & sustainable future, one critical step at a time. Funds you provide will attend to the key indicators (Academic, Psychosocial, and Medical) of a child's development.

CHILD DEVELOPMENT KEY INDICATORS

- ACADEMIC
- PSYCHOSOCIAL

Frequently Asked Questions

- **Can I make donation quarterly semi-quarterly or annually?**
Yes, you are welcome to set up recurring child sponsorship the way that fits you best whether that is monthly, quarterly, semi-annually, or annually. We advise that you create a profile on our website, and sign in anytime to manage your account.
- **Why are you focused on Education?**
Education is one of the priorities of governments and also of HHF. In many instances, due to persistent and conflicting demands that families face daily, the education of children is given lower priority in terms of family needs. In some instances to help ensure that the children stay in school, we ensure that school needs are taken care of by directly paying for school fees, sewing uniforms / distribute school supplies, etc.
- **As a Sponsor what do I get during the year?**
Child sponsorship is a great way to connect with a child and help make a difference in Africa. Your children and family will get to know more about the life of a child in Africa. You will receive photos and exchange letters. It will help all of you think globally and broaden your horizons. It's a learning experience and it's a great way to teach your children to help others. It is life-transforming

- **How do I see the donation I am making or request for a tax receipt?**
If you would like a copy of any or all your donations, simply email secretary@humanitynhealth.org and we'll get it sent to you. You will receive a tax receipt every year in January, but you can again request a tax receipt anytime by emailing the secretary.
- **How soon do I hear back from you?**
Once we receive your first monthly gift and match you with your preferred child/ children, we will send you a sponsorship package by email (or hard-copy upon request) which will include a photo and profile of your child and other information about your child's country. You can also expect to receive handwritten notes from the child, photos, scanned copies of the child's grade/report card, and reports on the child's overall well-being throughout the time of sponsor.
- **How long is the period of sponsorship?**
You can sponsor a child for as long as you like. However, we do recommend that you sponsor for at least two years, to provide stability to your sponsored child /children. Sponsoring a child is probably the greatest way YOU can impact the life of a specific child in Africa!
 - Build a relationship.
 - Watch your sponsored child develop.
 - It's a life-transforming and fulfilling experience!

Contribution Method: (return completed form to HHF via postal mail, email or fax).
